Colorado Safe Schools Month:

Colorado is launching a national initiative to establish October as Safe Schools Month. On the last day of this year's session, the General Assembly unanimously passed and co-sponsored Senate Joint Resolution 14-031, designating October as "Safe Schools Month" in Colorado, with copies of the resolution going to the White House and several members of the U.S. Cabinet. SJR14-031 covers the full spectrum of what we all do to create safe learning environments, and invites everyone to join a month-long national conversation on school safety.

Start sending us your ideas and plans for this October so we can highlight them in our upcoming CSSRC E-Updates. The resolution encourages "all educators, community partners, first responders, subject matter experts, members of the private sector, the media, and other stakeholders to coordinate their activities with the Colorado School Safety Resource Center and to help promote a culture of school safety and positive school climate." Senator Steve King, who introduced the resolution, will hold a Safe Schools Month launch event at the Colorado State Capitol on Thursday, September 25, 2014. All are invited to this free event.
