Welcome, Legislative Update

Dwayne Schmitz/Dan Jorgensen

- The meeting was called to order at 9:03. Kerrie Dallman was introduced as the CEA representative. A new CEA staff member will be assigned to serve on the TAP within the next month.
- CDE provided a brief update of legislation that may impact future TAP work. Also, it was mentioned that the ESSA state plan was approved by the State Board. The AWG will be reconvened within the next month to initiate work on the long-term plan for the other indicator.

PSAT/SAT Inclusion in the Performance Frameworks

B Sanders/Marie Huchton

- B Sanders shared preliminary recommendations surrounding the use of PSAT/SAT within the performance frameworks.
- Based on 2016 PSAT results presented, TAP members expressed concern around using the school distributions to rate the districts (because of the mismatch with Approaching/Meets and how it swaps for EBRW and Math).
- TAP members requested that CDE publish the state disaggregated subgroup performance to provide context for interpreting subgroup achievement.

Break (10:30-10:40)

One-year & Multi-year Frameworks

Marie Huchton/Josh Perdue

- The TAP members unanimously recommended the use of 2017 results for accountability participation rate calculations. The 2016 results should be available to be brought forward in the request to reconsider process.

- TAP members expressed support for using a multi-year framework that includes as many years of data as are available for each measure.

New MAP Growth Norms

B Sanders

- A brief update concerning NWEA MAP growth data and how it can be used to supplement the AEC school performance framework. Specifically, a revised NWEA MAP Growth methodology was shared along with the proposed implementation timeline.
- The TAP recommended additional exploration of the model. At this time they recommended that the proposed growth methodology not be released on the current implementation timeline.

Participation Rate & School Achievement Analysis

Raj Chattergoon (CADRE)

- Preliminary analysis/results were presented by Raj Chattergoon regarding the relationship between participation rates and student achievement.
- Additional questions and/or feedback concerning the conducted analysis were requested to be sent to Raj via e-mail at: Rajendra.chattergoon@colorado.edu.

Future Items, Public Comments & Adjourn Meeting

Dwayne Schmitz/Dan Jorgensen

- TAP members were asked if they had any future items for discussion. None were introduced. Also, comments from the audience were entertained by the chair. None were brought forward.
- During the meeting, TAP members requested dedicated time at future meetings for conversations around:
 - Disaggregated group comparisons using percentile ranks of like peer groups
 - 2017 WIDA ACCESS 2.0 growth and redesignation results
 - Methodology for choosing between 1 and multi-year frameworks (CDE to bring impact data)
- The next TAP meeting is tentatively scheduled for May 18th from 9:00-noon. Dan will notify members of its status as soon as possible.

Meeting Adjourned at 12:03 p.m.
