

**Colorado Measures of Academic Success (CMAS)**  
**2024 State Achievement Results**  
**Science**  
Based on the 2020 Colorado Academic Standards

Interpretation Considerations

- Interpretation of school, district, and state results should be made with caution when participation rates are low and/or representativeness\* is limited.
- Cross-state comparisons should consider differences in participation rates and representativeness\* across schools, districts, and student groups.
- Cross-year comparisons should consider differences in participation rates and representativeness\* across years.
- For the second year, Spring 2024 CMAS science assessments were aligned to the 2020 Colorado Academic Standards. CMAS science assessments prior to spring 2023 were based on different academic standards and results prior to 2023 cannot be compared.

\*Representativeness: how well the demographics of the tested student population mirrored the demographics of the enrolled student population
