CMAS Science and Social Studies Spring 2018 Student Data File Field Definitions

Listed below is the file layout for the CMAS Science and Social Studies Student Data File and instructions for accessing the file. The district and school files are in .csv format. The first row of the file contains the headers; subsequent rows contain the data.

Student records will not have aggregate score information in fields DZ-JP if the record has a Not Tested or Void Code applied. For student records with no Not Tested or Void Code, fields DZ-JP will contain data appropriate for the particular subject and grade.

Note: The CMAS Science and Social Studies and CMAS Math and ELA/CSLA layouts are identical from the State Abbreviation field (A) to the Responsible School Name (DY). Some fields may be filler in different files.
