Subject: *DTC* - Technology Update 11/30/2016

Contact: Collin Bonner, Bonner_C@cde.state.co.us

Dear District Technology Coordinator:

This technology update contains information related to:

- CMAS: 2017 Site Readiness Pearson TestNav Technical Training Registration
- CMAS/ACCESS 2.0/CoAlt: Software Table for 2017 Assessments

2017 Site Readiness Pearson TestNav Technical Training Registration
Please follow the link https://www.surveymonkey.com/r/JYLLXWC to register for the 2017 Site Readiness Pearson TestNav Technical Training. This training will cover site readiness preparations for CMAS ELA, math, science and social studies.

The webinar will be repeated on the following dates:

- Tuesday, December 13th at 1:00 pm MST, and
- Thursday, December 15th at 9:00 am MST

CDE asks that districts make arrangements to share one connection per district if they wish to have multiple participants. This will help CDE ensure that the 200 participant session limit is not exceeded. A recording will be made available for individuals who are unable to attend a live session.

Once CDE has confirmed your registration for the 2017 Site Readiness Pearson TestNav Technical Training Webinar, you will receive an email confirmation on Monday, December 12th, with a web link, phone number, and complete instructions on how to join the webinar of your choosing.

Please register by December 9th 2016.

Software Table for 2017 Assessments

The below table lists the software that will be used for online assessment in the spring of 2017.

Assessment / Vendor	Software	Version	Availability	Download URL	Documentation
