Adult Learners and the Affordable Care Act October 2013

Discussion Questions:

- 1. What actions, if any, has your organization taken to help adult learners become informed about the federal Affordable Care Act?
- 2. For some ESL learners, the concept of paying now to insure against future health care needs may be unfamiliar. How can teachers discover and use learner's experience in their home country to explain health insurance in the U.S.?
- 3. Describe how you could develop a literacy lesson (ABE/ASE or ESL) from any of the websites included in the PD MAP.
- 4. Describe how you could develop a numeracy lesson using information from the Connect for Colorado website.
- 5. A web-based scavenger hunt could be an effective way to blend literacy and technology purposes for adult learners. What items regarding the ACA would you ask learners to uncover on a scavenger hunt?
