| Variable Label | Description |
|--|--|
| Accreditation Rating | Designated district accreditation rating incorporating revisions from request to reconsideration process |
| Number of Districts Included in Analysis | The number of school districts that were included in the analysis that had both financial data and an accreditation rating |
| ELL Percentage | The percentage of enrolled students at the districts within the accreditation category who are classified as English Language Learners |
| FRL Percentage | The percentage of enrolled students at the districts within the accreditation category who receive free or reduced lunch |
| Minority Percentage | The percentage of enrolled students at the districts within the accreditation category who are classified as non-white |
| Percent of Students in the State | The percentage of enrolled students in an accreditation category compared to the overall state population |
| Funded Pupil Count | The total number of students that are counted for funding at the districts within the accreditation category |
| Total Funds Disbursed | Total funds that were disbursed to school districts, including total program funding (local and state shares), state categorical grants, other state grants, federal formula grants, other federal grants, and voter approved overrides. Disbursed means state and federal funding sent to the district through CDE; or local revenues generated via property or specific ownership taxes. |
| Funding per Pupil | The per pupil revenue calculated by Total Funds Disbursed divided by the Funded Pupil Count |
| Total Program Funding | Total program funding (local and state shares) that were available to school districts |
| Total Program Funding Per Pupil | The per pupil revenue calculated by Total Program Funds divided by the Funded Pupil Count |
| Federal Funding Per Pupil | The per pupil revenue calculated by sum of Federal Formula and Other Federal Grants divided by Funded Pupil Count |
| Mill Levy Funding Per Pupil | The per pupil revenue calculated by sum of Calculated Voter Approved Override Amount and Calculated Other Approved Educational Mills Amount divided by Funded Pupil Count |

Calculation Note:

Rather than taking the simple average (averaging each district per pupil funding) to figure the per pupil funding for each accreditation rating, which is susceptible to being over or under inflated due to extreme values (outliers), CDE opted to use a weighted average (weighted by the number of students). The formula is as follows:

$$\text{Funding Per Pupil} = (\text{Total Funds Disbursed within accreditation category}) / (\text{Funded Pupil Count within accreditation category})$$

The data source for this analysis is available on the web. Please refer to the file for district level demographics and financial information.

For questions about the financial data, please reach out to Kirk Weber: weber_k@cde.state.co.us or Yolanda Lucero: lucero_y@cde.state.co.us within School Finance Division.
