The AIRS committee is hard at work determining the prices for libraries to participate in the AIRS package for 2009 - 2010. Renewal information and final pricing should be available in early April. This timing is dictated by the state budget process.

As stated in your renewal letter last year, pricing will be based on library type and size tiers as it was for new participating libraries this year. To get an estimate of your library's price for July 1, 2009 - June 30, 2010, you may use the pricing to the left and then add a 5 percent increase (estimated) over that price.
