

Colorado Statewide Database Access

For Special Libraries

July 1, 2009 - June 30, 2010 Participation Information

The AIRS committee is hard at work determining the prices for libraries to participate in the AIRS package for 2009 - 2010. Renewal information and final pricing should be available in early April. This timing is dictated by the state budget process.

As stated in your renewal letter last year, pricing will be based on library type and size tiers as it was for new participating libraries this year. To get an estimate of your library's price for July 1, 2009 - June 30, 2010, you may use the pricing to the left and then add a 5 percent increase (estimated) over that price.

July 1, 2008 - June 30, 2009 Pricing*

\$500 per library

* NOTE: To estimate July 1, 2009 - June 30, 2010, use price above plus 5%.

Databases Included

OCLC
WorldCat

EBSCO
AGRICOLA
Auto Repair Reference Center™
Biomedical Reference Collection™: Basic Edition
Corporate ResourceNet®
Fuente Academica™
MedicLatina™
Nursing & Allied Health Collection™: Basic Edition

The Colorado State Library at the Department of Education through the AIRS Committee (Acquisition of Information Resources Statewide) negotiates greatly discounted access to databases for libraries. Learn more about AIRS at www.coloradovirtuallibrary.org/committees/airs.
