Eligibility Requirements

ACADEMIC LIBRARIES

1. Must be a publicly supported library. Such libraries are supported with money derived from taxation; this includes public libraries, academic libraries, and school libraries.
2. Will participate in interlibrary sharing of resources at no charge to other Colorado libraries.
3. Must have existing local and/or state funding for libraries. The library must maintain its current effort to obtain funds to the end that moneys received under this Act do not replace or displace existing local revenue sources.
4. Make no charges to Colorado residents:
   a. To use an Interlibrary loan service (can pass on fees charged/assessed by other libraries) for primary clientele of the library.
   b. To access the Internet.
5. Academic Libraries must be established and maintained by a state supported institution of higher education primarily for the use of its students and faculty.
6. An institution of higher education may maintain more than one library at the same or additional campuses; each such institution shall be considered the equivalent of one eligible participant.
7. Will belong to the Colorado Libraries Collaborate (CLC) Program. The program provides free access to library resources for the patrons of all CLC member libraries.

Eligible Use of Funds

1. The State Grants to Libraries funding is to be used by the recipient to obtain educational resources that they would otherwise be unable to afford. The purpose of the educational resources is to support efforts to improve literacy and learning, including early literacy and other education-related needs identified by the grantee.
2. Educational resources are defined as any of the following: books, periodicals, or any other form of print media; audiovisual materials; and electronic information resources.
3. Electronic Information Resources are defined as material of an education or informational nature that may only be accessed electronically.
4. Libraries should refer to the chart of How State Grants Can Be Used in the Appendix and the Frequently Asked Questions resource on the State Grants to Libraries site

Timeline for Expenditure of Funds

The funding cycle for State Grants to Libraries begins October 1, 2018. This does not mean funds will be transferred on October 1, but expenses incurred by libraries from October 1 may be applied to funds once they are received. All funds from this grant must be spent by June 30, 2019. Approved grantees will be notified of their grant amount in early October, and funds will be mailed by check to the address on record with the Colorado Department of Education soon thereafter.
Reporting Requirements

1. All State Grants to Libraries recipients must complete a final report by July 15, 2019 certifying that all moneys received were used for the purposes outlined in the State Grants to Libraries Act and these Guidelines. The report will include:
   a. A description of how the grant funds were used.
   b. Statistical and/or anecdotal reports on the benefits of the grant funded resources.
2. A sample report form is available online at: 2018-2019 Report Form Preview
3. Grant recipients must complete the online final report through a link provided to the Grant Reporting Contact Person listed in the Grant Eligibility Form or to the link made available on the State Grants website in the spring of 2019.
4. The report may be filled out whenever all funds have been spent, but at least by July 15, 2019.
5. The reporting form must be completed to be eligible for future State Grants to Libraries funding.

How State Grants Can Be Used – an Eligible Uses Checklist

Revised May 1, 2018

(Please refer to Checklist posted on State Grants to Libraries site for the most updated version)

The intended purpose of these funds, according to statute (24-90-401, CRS) is for libraries to obtain educational resources they would otherwise be unable to afford. The Joint Budget Committee has encouraged a focus on early literacy materials. In an effort to accommodate both directives, latitude is provided to honor local control of these funds within established guidelines. This list is intended as a rough guide to materials eligible for purchase with these grants. Contact the State Library with questions or clarification of items or products being considered that are not described here.
