

## Changing the Scene - Improving the School Nutrition Environment

*Changing the Scene - Improving the School Nutrition Environment* is a tool kit that addresses the entire school nutrition environment from a commitment to nutrition and physical activity, pleasant eating experiences, quality school meals, other healthy food options, nutrition education and marketing the issue to the public. This kit can help local people take action to improve their school's nutrition environment. The kit includes a variety of tools for use at the local level to raise awareness and address school environment issues that influence students' eating and physical activity practices. FNS developed the kit with input from 16 education, nutrition and health organizations. These groups and their logos are listed on the kit as collaborators.
