**Criterion #1:**
The student has been evaluated and determined to be eligible to receive special education services and has an IEP.

- ☐ Has the student been determined to be a student with a disability eligible to receive special education services under the Individuals with Disabilities Education Act (IDEA)?
  - ☐ No. Stop here. The student must meet Special Education Determination of Eligibility criteria in one or more disability categories defined in ECEA Rules [http://www.cde.state.co.us/cdesped/IEP_Forms.asp](http://www.cde.state.co.us/cdesped/IEP_Forms.asp)

- ☐ Is a current Individualized Education Program (IEP) in place or being developed for the student?
  - ☐ Yes. If both elements can be affirmed, continue to Criterion #2.

**Criterion #2:**
The student has documented evidence of a cognitive disability.

- ☐ During the process of determining eligibility for a student to receive special education services, did the IEP Team review a body of evidence that supports the existence of a cognitive disability?
  - ☐ No. Stop here. The student must have documented evidence of the existence of a cognitive disability, regardless of the special education disability category.

- ☐ Yes. Empirical evidence of a cognitive disability is documented in the IEP. Continue to Criterion #3.

**Criterion #3:**
The student has a significant cognitive disability.

- ☐ The student’s demonstrated cognitive functioning and adaptive behavior in the home, school, and community environments are significantly below age expectations, even with program modifications, adaptations and accommodations and
  - ☐ Yes. Both elements affirm that the student’s evaluated performance falls within range of the most significant cognitive disability. The student (a) requires extensive, repeated individualized instruction and support that is not of a temporary or transient nature and (b) uses substantially adapted and modified materials and individualized methods of accessing information in alternative ways to acquire, maintain, generalize, demonstrate and transfer academic and functional skills necessary for application in school, work, home and community environments.

  - Continue to 4B to select alternate standards-based instruction and appropriate alternate assessment.

- ☐ the School Psychologist (or other personnel trained in administering psychometric evaluation) presents evidence that the student’s cognitive and adaptive functioning is consistent with that of a student with a significant cognitive disability*. 
  - ☐ Yes. Although the documented evidence supporting the existence of a significant cognitive disability does not fall into the lower ranges, the IEP Team has considered the impact and severity of the disability along with other related factors in order to determine that the student qualifies to receive modified daily instruction based on the Colorado Academic Standards Extended Evidence Outcomes (EEOs). For students receiving instruction on alternate standards and taking alternate assessment, the IEP must contain measurable annual goals and objectives for content areas.

  - Continue to 4A to select grade-level standards-based instruction and appropriate grade-level assessment.

- ☐ Empirical evidence includes, but is not limited to, formal testing results, multi-disciplinary team evaluations, and other evaluative data.
  - Continue to 4B to select Alternate standards-based instruction and appropriate alternate assessment.

**Note:** With the passage of IDEA in 1997 and its reauthorization in 2004, it is required that both state and districts provide an alternate assessment for students who cannot participate in general state and district assessments.

**Dual Assessment**  
*Dual assessment is NOT an option beginning with the 2014-15 school year. If a student meets the guidelines to receive instruction on alternate standards and take alternate assessment based upon those alternate standards, then ALL tested content areas or other state-mandated assessments required for the student’s enrolled grade level, will be ALTERNATE assessments.*

## Exclusionary Factors:
The IEP Team affirms:

- ☐ that annual assessment data was reviewed for each content area and  
- ☐ the decision for participation in the Alternate Assessment is NOT based on:  
  1. A disability category or label  
  2. Poor attendance or extended absences  
  3. Native language/social/cultural or economic difference  
  4. Expected poor performance on the grade-level assessment  
  5. Services student receives  
  6. Educational environment or instructional setting  
  7. Percent of time receiving special education  
  8. English Language Learner (ELL) status  
  9. Low reading level/academic level  
  10. Anticipated student’s disruptive behavior  
  11. Impact of student scores on accountability system  
  12. Administrator decision  
  13. Anticipated student’s emotional duress

## IEP Team Consensus: (Record decision on IEP Form)

- ☐ Student meets participation guidelines as a student with a significant cognitive disability and will receive instruction based upon alternate academic achievement standards and participate in alternate assessment as indicated above.
