<p><i>Words Their Way: Word Study in Action</i> is the official companion product to the powerful professional resource book, <i>Words Their Way: Word Study for Phonics, Vocabulary, and Spelling Instruction</i>, authored by Donald Bear, Marcia Invernizzi, Francine Johnston, and Shane Templeton. <i>Word Study in Action</i> supports this research-based and popular approach to word study through a multi-component curriculum, ready-made sorts, and flexible lessons that can be done in just 15–20 minutes. Providing instruction in phonics, spelling, and vocabulary, the program helps children increase their knowledge of spelling patterns and the meanings of specific words and generalize this knowledge to the English spelling system.</p> <p><i>Words Their Way</i> is now listed as an Instructional Intervention Tool on the National Center on Response to Intervention (NCRTI) website. <i>Words Their Way: Word Study in Action Developmental Model</i> received full bubbles in all categories. The <i>Words Their Way Professional Resource Book</i> with PD Toolkit offers additional support for teachers as well as the diagnostic assessment.</p>
