2024-25 Significant Reading Deficiency (SRD) Cut Scores in Colorado
Star Early Learning Spanish

Star Early Learning Spanish, included with every purchase of Star Early Learning in English, is comprised of Star Early Literacy Spanish (K-3) and Star Reading Spanish (1-8).

To determine SRD for your students, simply use the default screening benchmarks in Star Early Literacy Spanish and Star Reading Spanish. A scaled score placing the student in the 25th percentile rank or lower means the student should be classified as SRD. Use the table below to identify the cut scores for each screening window. To report READ Act data to the state, pull the necessary Unified Scale scores directly from the Renaissance platform.

The Star Early Learning Spanish scaled score range is 200-1400 SS.
- Star Early Literacy Spanish – 200-1100 SS
- Star Reading Spanish – 600-1400 SS
