## More about electronics and prohibited devices

---

You'll need to turn off all electronic devices during the test and even during breaks. This includes cellphones. Be sure to turn off your watch alarm, if you have one.

*Why?* Test centers are serious about security and quiet, so prohibited devices—which include cellphones, tablets, and MP3 players—must be left in your locker or check them in as directed by school staff. Better yet: Leave them at home.

The test administration staff is encouraged to collect and hold phones and other prohibited electronic devices during the test administration, including break periods, or to deny admission to anyone who is in possession of a prohibited electronic device.

If your device makes noise or you are seen using it at any time, including during breaks, you may be dismissed immediately, your scores can be canceled, and the device may be confiscated and its contents inspected. The College Board is not responsible for loss or damage to personal items, including electronic devices, while you are in the test center.
