

2013-2014 Teacher-Student Data Link Interchange – Course Enrollment

Purpose: The purpose of the Student-Teacher Data Link Interchange-Course Enrollment file is to capture the data that links the students enrolled in each course instructed during the reported school year. The data will also be used in combination with the Student data.

Dependencies: Each student has been assigned a Student Identifier (SASID) and updated through the Record Identity System (RITS). Each SASID is also reported in the Student Interchange for the reporting LEA. The Local Course Code has been mapped to a State Standard Course Code through the SSCC process.

Record Expectation: In the Teacher-Student Data link Interchange file, the LEA should submit 1 record for each unique course, section, and student enrolled for the reporting LEA in the selected school year.

Course Enrollment Data Elements and Definitions

School District/BOCES Code - A unique code assigned to a district by CDE. Refer to School District/BOCES Code table at http://www.cde.state.co.us/DataPipeline/org_dist-BOCES.asp

School Code – A unique code assigned by CDE to a school building. Refer to School Building Code Table at http://www.cde.state.co.us/DataPipeline/org_school.asp.

Local Course Code – The identifier designated by the local district for the course.

Section Number – The identifier designated by the local district for the section for the course.

SASID – A **unique** ten-digit numeric field containing the ten digit value assigned by CDE to the student whose record is being submitted for processing.

Student's Last Name – The thirty character field contains the student's last name. This thirty digit field is REQUIRED and if left blank will result in an error.

Student's First Name – The thirty character field contains the student's first name. This thirty digit field is REQUIRED and if left blank will result in an error.

2013-2014 Teacher-Student Data Link Interchange – Course Enrollment

Student's Gender - A two digit numeric field containing the value of the student's gender.

01	Female
02	Male

Student's Date of Birth - The month, day, and year on which an individual was born

Roster Start Date – The month, day and year on which the student began enrollment in the course.

Roster End Date – The month, day and year on which the student stopped enrollment in the course.

Credit Earned – The course length in terms of Carnegie Units.

Course Completion – Indicates the student's status at the end of the course. Use N/A if the student did not yet complete the course.

0	N/A
1	Fail
2	Pass

Verified – Indicates the educator reviewed and verified the students were enrolled in the course for the duration reported.

00	N/A
01	Not Verified
02	Verified
