

2018-2019 Special Education End-of-Year Snapshot

 - If a student is in a district's jurisdiction the student will be assigned a SASID which is updated in the RITS system. The LASID may be filled in or zero-filled on these records.
 - If the student is not part of a district they will be assigned a unique LASID by the Admin Unit, and the SASID will be zero-filled.
- Special Education Students will be tracked through the Special Education IEP Interchange.
 - Student has a record in the Special Education Participation file.
 - Student has a record in the Special Education Child file.
- Special Education Students who are part of a district will have records in the Student Interchange.
 - A student within a district's jurisdiction will have a record in the Student Demographic file.
 - A student within a district's jurisdiction will have a record in the Student School Association file.

- contain a matching SASID and/or LASID in both the Child and Participation Files

*All records that meet the above criteria will be pulled into the snapshot **EXCEPT** those with a PAI code of 23, 24, 31, or 32 or a Special Education Part C Referral code of 00.

Notes:

- The Student Interchange is the primary source for SASID, LASID, Student's First Name, Student's Middle Name, Student's Last Name, Gender, Date of Birth, Ethnicity, Race, and Grade Level.
- If the record is not submitted in the Student Interchange, the demographic fields listed above will be pulled from the Special Education IEP Interchange.
- The Special Education Child, Participation, and Student Interchange files will be joined based on the following criteria: SASID, LASID, School Year, Admin Unit (or district), and error free records.
- Data pulled from the Student Profile Interchange will be the non-tagged data.

Note: The primary key for the Special Education End of Year Snapshot aligns with the primary key for the IEP Interchange and Student Interchange.
