Changes from 2021-2022 are highlighted in yellow.

For specific guidelines in meeting the criteria for free/reduced lunch price, refer to the School Nutrition Unit-Free and Reduced-Price Processes web page, Rules for the Administration of the Public School Finance Act and the School Auditing Office’s At-Risk/Free Lunch Count Audit Resource Guide. During the Student October Collection for students to be reported as free/reduced lunch price eligible, the student should be identified as qualifying as of the Student October Count date by one of the methods listed above. In absence of current year documentation, a district may carryover prior year eligibility if the count date falls within the first 30 school days of the current school year.

Note: Eligibility must be reported as appropriate for each individual student. This is true even if a school participates in the Community Eligibility Provision (CEP) or Provision 2, does not provide a lunch program, or does not participate in federal child nutrition programs.

A child is an immigrant if he/she is age 3 through 21 and was not born in any state and has not been attending one or more schools in any one or more states for more than 3 full academic years. The term 'immigrant children' means individuals who:

1. Are ages 3 through 21; **AND**
2. Were not born in any state; **AND**
3. Have not been attending one or more schools in any one or more states for more than 3 full academic years.

2022-2023 Student Interchange – Student Demographic

Changes from 2021-2022 are highlighted in yellow.

Important items to note about immigrants:

1. “States” are defined in legislation as the 50 states, Washington D.C., and Puerto Rico.
2. Determining the legality of a student’s immigration status is not a duty of the local school district. Undocumented children have the same right to attend public schools as do U.S. citizens and permanent residents. In fact, the student’s parents and the district officials have an obligation to see that the students attend school as mandated by the Colorado School Attendance Law.
3. “Three full academic years” (number 3 above in the definition) is cumulative.

NOTE

English Learner – The Colorado state definition of an English learner, as defined by the ELPA Act, is a student who is linguistically diverse and who is identified using the state-approved English language proficiency assessment as having a level of English Language Proficiency that requires language support to achieve standards in grade-level content in English. This includes:

- English learners speak a language other than English and do not comprehend or speak English,
- English learners who comprehend or speak some English but whose primary comprehension or speech is in a language other than English,
- English learners who comprehend and speak English and one or more other languages but whose English Language Development and comprehension is: at or below the mean of students enrolled in the local education provider or below the mean or equivalent on a nationally standardized test; or below the acceptable proficiency level based on the assessments identified by the Department pursuant to section 22-24-106 (1) (a)

Students who have been identified as English Learners, either Non-English Proficient (NEP) or Limited-English Proficient (LEP), **MUST** be provided with some type of language services. **(Note: Districts are not required to test PK students for English skills, however, if a test is given and a student is found to be NEP or LEP, services must be provided).**

For the Student End of Year (EOY) Collection:

Student End of Year for English Learners is a summation of the previous school year, not a reporting of the status of the student for the next year. If a student is reported as NEP or LEP in Student October and/or takes the WIDA/ACCESS English language proficiency test, then that student should be reported as NEP or LEP in the Student End of Year collection.

An English Learner, as defined for Student End of Year purposes, is a student who has a Language Background other than English (ENG) and at any point throughout the school year was served or monitored by a language program. Students who were formerly served and monitored through the district will be tracked differently beginning in 2017-18. Students who have completed their two years of being monitored must be marked as exited for two consecutive school years with a language proficiency of FEP and the appropriate language background and Language Instruction Program codes. Once a student has been exited and FEP for two years the student must be moved to Former English Language Learner (FELL) status.

2022-2023 Student Interchange – Student Demographic

Changes from 2021-2022 are highlighted in yellow.

Language Background - Any student, who has a language proficiency code of Non-English Proficient (NEP), Limited English Proficient (LEP), Fluent English Proficient (FEP), Primary or Home Language Other Than English (PHLOTE), or Former EL (FELL), must have a language background other than English (ENG). You can download an excel file with the list of active and inactive language codes from this site: https://www.cde.state.co.us/datapipeline/language_codes

Coding ASL (American Sign Language)

While ASL is a recognized language, these fields are meant to describe languages of second language learners as they relate to language instruction programs. If the student is in fact an EL, the language background would not be ASL; it would be something other than English “eng”, such as Spanish “spa”. If it is determined there is a language influence other than English (ASL is considered English for EL programming purposes), then the process of identification would begin and would follow the district policy –administer identification screener assessment (K Screener/WIDA Screener), build a body of evidence, and determine language proficiency as NEP or LEP.

Primary Disability -- A 2-digit code representing the student’s Primary Disability. If the student has more than one disability, the code number reported must be that of his or her major disability, as reflected on the student’s Individualized Education Program (IEP).

Homeless -- Flag if the student meets the criteria of a homeless individual according to Subtitle VII-B of the McKinney-Vento Homeless Assistance reauthorized in 2015 by the Title IX, Part A of the Every Student Succeeds Act. A homeless individual is one who lacks a “fixed, regular, and adequate primary nighttime residence,” including children and youth who are:

1. Sharing housing due to loss of housing or economic hardship (not due to cultural preference or a desire to save money)
2. Living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate housing.
3. Living in emergency or transitional housing.
4. Abandoned in hospitals.
5. Living in cars, parks, public spaces, abandoned buildings, substandard housing, or bus or train stations.
6. Children and youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as regular sleeping accommodations.
7. Migratory children who qualify as homeless because they are living in circumstances described above.

NOTE: Not all persons living in the situations described would be considered homeless. Two major factors to consider when making a determination are the adequacy and permanence of the housing. Information to assist with determining Homelessness by the definition can be accessed at http://www.cde.state.co.us/dropoutprevention/homeless_data Select “Determining Homelessness by the Definition”

Language Proficiency – A student's English language proficiency is described by his or her ability to speak, listen, read, and write in English. English Learners (EL) must have an English Proficiency rating entered (1, 2, 6, 7, 8, 9) and non-EL students must be coded as 0 or 4. Former English Learners are coded as 5. **Note:** the rules regarding FEP (6, 7, 8, and 9) and FELL (5) have changed, once a student has been FEP for four consecutive school years (two years monitored followed by two years exited) they should be moved to FELL status.

0	Not Applicable
1	NEP - Non-English Proficient - A student who speaks a language other than English and does not comprehend, speak, read, or write English.
2	LEP - Limited English Proficient - A student who comprehends, speaks, reads, or writes some English, but whose predominant comprehension or speech is in a language other than English.
4	PHLOTE, English Proficient- A student, new to district, who has a Primary or Home Language Other Than English (PHLOTE), has never <i>been served in a language instruction education program (i.e.: ELA, ESL, Bilingual)</i> , and after initial screening and review of a body of evidence, is determined to be proficient in English.
5	FELL- Former EL – A student who previously received language instruction in the reporting district or another district who has been exited from an EL program for two school years. <i>Students who transfer from another and test as fluent should no longer be automatically coded as FELL, instead they should continue with their spot in the FEP progression.</i>
6	FEP, Monitor Year 1 – A student who has spoken, or currently speaks, a language other than English, but who can comprehend, speak, read, and write English comparable to their monolingual English-speaking peers. A student in Monitor Year 2 should have been re-designated based upon assessments and a body of evidence and have been in Monitor year 1 during the previous school year.
8	FEP, Exited Year 1 - A student who has spoken, or currently speaks, a language other than English, but who can comprehend, speak, read, and write English comparable to their monolingual English-speaking peers. A student coded as Exited Year 1 should have been coded as Monitor Year 2 in the previous school year and determined to be exited.

9 FEP, Exited Year 2 - A student who has spoken, or currently speaks, a language other than English, but who is able to comprehend, speak, read, and write English comparable to their monolingual English-speaking peers. A student who is coded as Exited Year 2 should have been coded as Exited Year 1 in the previous school year and determined to be exited.

To determine “Re-designated” status:

Students in a language acquisition program may be ready to be re-designated into a two-year monitoring period (Monitored Year 1 and Monitored Year 2) as outlined by Office of Civil Rights criteria and Title III, Section 3121(a)4.

Definition of a “Re-designated status” student:

1. Has achieved a “Fluent” category on a reliable and valid language proficiency assessment
2. Has achieved age and grade level academic achievement standards and proficiencies commensurate to the achievement of mainstream students at a partially proficient level. After one year of monitoring, it is the district’s decision as to whether to place the student back into a language acquisition program or to monitor for a second year.

To determine if a student is eligible for “Exited” status: After a two-year monitoring period, district personnel must evaluate if a student is ready for exit to be marked as exited from a Language Instruction program. It is the district’s final decision as to whether the student is ready for exit based on the following criteria. Exited students are no longer monitored. Once exited, a student may be coded as FEP - Exited for 2 years for accountability purposes. Once a student has been exited for two school years they should then be coded as a Former English Language Learners (FELL, Language Proficiency = 5). Exited status:

Has achieved a “Fluent” category on a reliable and valid language proficiency assessment

1. Has achieved age and grade level academic achievement standards and proficiencies commensurate to the achievement of mainstream students at a partially proficient level.

LIP – Language Instruction Program Indicates the type of English language instructional program used to educate a student who is an English learner.
