2025-2026 Student Interchange: Student School Association

Student School Association File Purpose:

The purpose of the Student School Association (SSA) file is to capture the school(s) in which a student attends in your Local Education Agency (LEA) throughout the current school year for funding and accountability purposes

Important:
If there is not a record in the Demographic file, then no record will be included in the corresponding data collection (snapshot).

Dependencies:
- Student has an assigned SASID and up to date RITS record.
- A record for the SASID/student exists in the Student Interchange-Student Demographic file.

Record Expectation:
In the Student Interchange-Student School Association File the LEA should submit any incident of mobility (entry, exit, grade change, etc.) for each school within the LEA at any point in the currently selected school year. Since the SSA file contains funding information, a Local Education Agency (LEA) is required to have a record at this level. For this file, a student must have at least one record and may have multiple records at the school level.
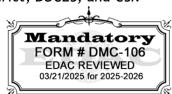

Use Summary:
Fields from this file are used in the following CDE Collections, which require LEA/AU effort.

Student October, Student End of Year, Student Attendance, Student Discipline, Special Education December Count, Special Education End of Year, Special Education Discipline, Assessment SBD WIDA ACCESS for ELLs, Assessment SBD PSAT/SAT, Assessment SBD CMAS and CoAlt, Assessment SBD DLM, READ Spring Assessments, Teacher Student Data Link Snapshot

File Notes:
- New changes from 2023-2024 are emphasized with yellow shading.
- *Indicates primary key
- **Zero fill all non-applicable data fields**
- A header row is required for .csv and .xlsx files

All references to Local Education Agency (LEA) include district, BOCES, and CSI.

Total Possible Attendance Days

The aggregate number of days the student would have attended school if there had been no absences. Expelled students are included until date of expulsion. This number must equal the sum of Total Days Attended, Total Days Excused by Students and Total Days Unexcused by Students combined. *Examples: 200.0, 12.5*

Habitually Truant Status

Indicate if the student met any of the habitually truant criteria for the record with the corresponding code. Students must be at least 6 years old on or before August 1st of the school year and under the age of 17 to be considered habitually truant.

Code	Description
0	**Student was not habitually truant**
1	**Truant Four or More Days in a Month** – The student had four total days of Unexcused Absences from a public school in any one calendar month: calculated by the sum of unexcused absences converted to days and fractions of days.
2	**Truant Ten or More Days in a School Year** – The student had ten or more total days of Unexcused Absences but never accumulated four or more total days of unexcused absences from that public school in any one calendar month: calculated by the sum of unexcused absences converted to days and fractions of days.
3	**Truant for Both Conditions** – The student had both four (or more) total days of Unexcused Absences from the reporting public school in any one calendar month and ten or more total days unexcused absences from the same public school during the reported school year; calculated by the sum of unexcused absences converted to days and fractions of days.

Total Days Missed Due to Out of School Suspensions

The total number of school days that were missed by the student due to out-of-school suspensions. *Optional for CRDC Reporting Purposes Only.*

Abbreviated School Day Schedule Status

Indicate whether the student was placed on an abbreviated school day schedule at any point during the school year. If the student is not Section 504 Having a Disability or a Special Education student, then '0' must be reported. If the student is Section 504 Having a Disability or a Special Education student and the student was never placed on an abbreviated school day schedule, then '0' must be reported. Students must be reported as a '1' if the student is either Section 504 Having a Disability and/or a Special Education student and they were placed on an abbreviated school day schedule.

This does not include any of the following:
- Any discipline action: suspensions, expulsions, etc.
- Parents removing the child from school with no input from the school/district
- Anything that would affect most students who are in the same grade and school district of attendance as the child with disabilities (snow day, …)

Example: A student on the autism spectrum has an incident during the last period and the school calls the parents and suggests the kid is picked up before the end of the day. In this case, the student would be considered placed on an abbreviated school and reported with code '1'.

Code	Description
0	**No**, Not Applicable
1	**Yes**, the student is 504 or Special Education and was placed on an abbreviated school day at any time during the school year

Total Days on an Abbreviated School Day Schedule

The aggregate number of days the student was placed on an abbreviated school day. If a student was on an abbreviated school day intermittently, all days would be counted and included in this field. A value greater than 0.0 must be indicated if the Abbreviated School Day Schedule Status is '1'. Examples: 2.0, 12.5

Postsecondary Program Enrollment

Colorado Law provides for high school students to earn credit at postsecondary institutions. Eligible students shall not be more than 21 years old**, shall be enrolled in grades 9-12 at a Colorado local education provider, and shall apply for approval to the resident LEA for intent to enroll. The participating local education provider and the institution of higher education shall enter into a written cooperative agreement which shall include but not be limited to academic credit and payment of tuition.

**When a special education transition student's 21st birthday falls after the school year begins (based on the LEA's adopted calendar), the student will complete the semester in which they turn 21 and were enrolled in the postsecondary program.

Code	Description	Grade
00	**Not Applicable:** Student is not participating in one of the listed postsecondary programs. Students in PK-8 must be '00'.	**PK - 12**
01	**ASCENT Program:** A program which allows concurrent enrollment in postsecondary courses, including academic courses and career and technical education courses, in the year directly following the year in which a student was enrolled in the twelfth grade of the local education provider (5th Year of High School per Anticipated Year of Graduation). This value should be used when a student is in the ASCENT program. Note: ASCENT allotments are based upon the number of slots utilized in the 2024-2025 Student October collection.	**Retained 12 Only** (12th grade in 5th year of high school per Anticipated Year of Graduation, typically retained 12th grader)
02	**Concurrent Enrollment:** A program which allows the simultaneous enrollment of a qualified student in a local education provider and in one or more postsecondary courses, including academic or career and technical education courses, at an institution of higher education at no tuition cost to the student. Please see the Concurrent Enrollment website for more information on concurrent enrollment qualifications.	**9-12**
07	**Early College:** A secondary school that provides only a curriculum that requires each student to enroll in and complete secondary and postsecondary courses while enrolled in the four years of high school such that, upon successful completion of the curriculum, the student will have completed the requirements of a high school diploma and an associate degree or other postsecondary credential or at least sixty credits toward the completion of a postsecondary credential. For more information, please visit the Postsecondary and Workforce Readiness webpage. For a student to be enrolled in Early College they must be enrolled at a CDE approved Early College. You can find the list of approved early colleges on the CDE Postsecondary website.	**9-12**
08	**Dropout Recovery at Community College:** A dropout recovery program allowing a student who has dropped out of high school, or a student who is at-risk of dropping out of high school, to complete their high school graduation requirements exclusively at the community college. Any individual aged 16 to 21 who has dropped out of school may participate with the permission of the LEA. A participating student who is enrolled in at least seven credit hours per semester is counted as full-time in the LEA's funded pupil count.	**Ages: 16 to 21**
15	**P-TECH – Years 1-4:** Pathways in Technology Early College High Schools (P-TECH) is a program for students to earn a high school diploma and an industry recognized associate degree with a focus in STEM. Students enrolled in a P-TECH school and participating in the P-TECH program in their first 4 years of high school should be identified with this code. The list of approved P-TECH schools can be found on the P-TECH website.	**9-12**

Code	Description	Grade
16	**P-TECH – Years 5-6:** Pathways in Technology Early College High Schools (P-TECH) is a program for students to earn a high school diploma and an industry recognized associate degree with a focus in STEM. Students enrolled in a P-TECH school and have completed 4 years of high school and returned for postsecondary education in 12th grade for their 5th and 6th years of high school should be identified with this field (5th & 6th Year of High School per Anticipated Year of Graduation). The list of approved P-TECH schools can be found on the P-TECH website.	**Retained 12 Only** (12th grade in 5th or 6th year of high school per Anticipated Year of Graduation, typically retained 12th grader)
17	**TREP Year 5:** Teacher Recruitment Education and Preparation Program. Students enrolled in a TREP program and have completed 4 years of high school, returned for postsecondary education in 12th grade for their 5th year of high school and are enrolled in an educator preparation pathway should be identified with this field (5th year of High School per Anticipated Year of Graduation). This value should be used when a student is in the TREP program, and the LEA is using a TREP slot from the current year. **Note:** This would mean the LEA used all the TREP slots allocated by CDE in the prior year.	**Retained 12 Only** (12th grade in 5th year of high school per Anticipated Year of Graduation, typically retained 12th grader)
18	**TREP Year 5 Carryforward – Full Time:** Teacher Recruitment Education and Preparation Program. This value should be used when a student is in the TREP Year 5 program, and the LEA is using a TREP slot from a prior year and the student will be participating in TREP full-time during the current year. This would mean the LEA did not use all the TREP slots allocated by CDE in the prior year and decided to carry the slot forward to the next year. **Note:** All carryforward TREP slots need to be used before current year TREP slots can be used.	**Retained 12 Only** (12th grade in 5th year of high school per Anticipated Year of Graduation, typically retained 12th grader)

This value should be used when a student is in the TREP Year 5 program, and the LEA is using a TREP slot from a prior year and the student will be participating in TREP part-time during the current year. This would mean the LEA did not use all the TREP slots allocated by CDE in the prior year and decided to carry the slot forward to the next year. **Note:** All carryforward TREP slots need to be used before current year TREP slots can be used.	**Retained 12 Only** (12th grade in 5th year of high school per Anticipated Year of Graduation, typically retained 12th grader)

Alternative Instruction Courses

As outlined in Rules for the Administration of the Public-School Finance Act (1 CCR 301-39), a course that utilizes alternative teacher-pupil instruction may include a total amount of equivalent instructional time for that course towards determining a student's funding eligibility as reported in the Student October Count Snapshot if the district or school has the appropriate documentation to evidence compliance.

Notes:
- Refer to the Rules for the Administration of the Public School Finance Act (1 CCR 301-39) for definitions of each of the course types approved to utilize alternative teacher-pupil instruction in the determination for funding.
  - Within the Student October Count Snapshot, report (as applicable) all students enrolled in courses meeting these definitions, regardless of whether or not the district needs to include the equivalent instructional hours associated with the alternative instruction courses when determining the student's eligible funding level (i.e., full- or part-time).
- Refer to the Student October Count Audit Resource Guide (posted to the Pupil Count website) for a list of required audit documentation, guidance and further clarification for each alternative instruction course type (independent study, work-based learning opportunity, blended learning, supplemental online).
