2015-2016 Teacher Student Data Link Snapshot

Purpose:
The purpose of the Student Teacher Data Link Snapshot is to capture the data from the TSDL interchange in each course instructed during the reported school year and combine with other data within the warehouse that enables districts to utilize a comprehensive data report.

Dependencies:
Each staff has been assigned an Educator Identifier (EDID) and updated through the Educator Identity System (EDIS). Each EDID is also reported in the Staff Interchange for the reporting LEA. The Local Course Code has been mapped to a State Standard Course Code through the SSCC process. Data for reporting school year is complete and error free in the Teacher Student Data Link Interchange.

Criteria:
Pull all error-free records from the Teacher Student Data Link Interchange.

Note: The primary key for the Teacher Student Data Link Snapshot aligns with the primary key for the Teacher Student Data link Interchange –Course Enrollment file
