

Updated Submission Timeline for Educator Preparation Program Reviews

The CDE is working to streamline the review of endorsement standards for both the reauthorization process all Educator Preparation Programs (EPP) and the authorization process for new endorsement programs for our current EPPs adding a new offering to their program.

To that end, the Educator Preparation and Support Office will implement a new timeline and process for submission and review of all endorsement standard matrices. We believe this will utilize the peer reviewers' time more efficiently, improve the quality of feedback to programs, ensure alignment to academic standards, as well as allow ample time for programs to be reviewed and approved by the State Board of Education in a timely manner.

The chart below details the annual submission timeline for reauthorization submissions and new authorization submissions to the CDE. If you have any questions, please contact [Jen Kral](#), Educator Preparation Specialist.

Annual Authorization and Reauthorization Submission Timeline

Type of Review	Application/Materials Submission Deadline	Evaluation Period
New Educator Preparation Program	June 1-November 30	Winter and early spring for late spring approval
Adding an Endorsement	June 1-November 30	Winter and early spring for late spring approval
Reauthorization (Fall semester site visit: September - December)	Due by June 30th	July and August
Reauthorization (Spring semester site visit: January - May)	Due by October 31st	November and December
