

District administrators now can view a report of the educators in their district who have submitted evidence showing they meet the READ Act training requirement. This report is available to anyone who already has been approved for eLicensing Verification Access (EVA). We have also given access to every district superintendent and BOCES executive director.

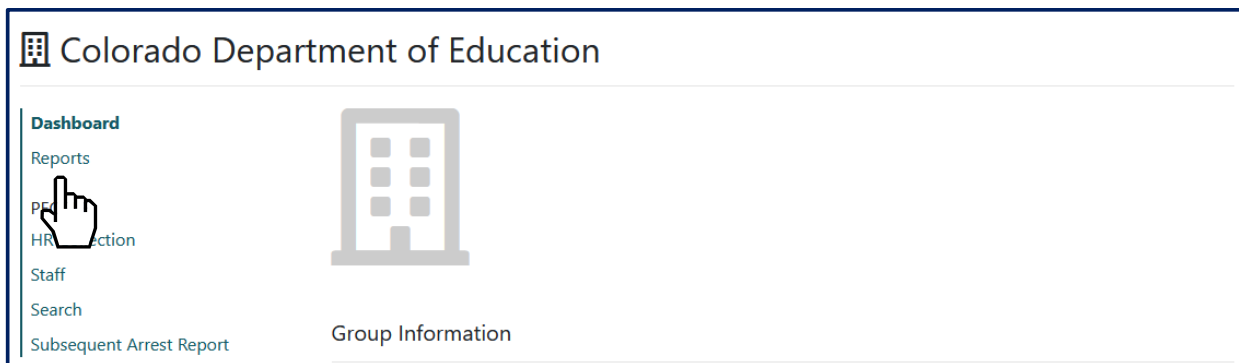

If your school district's HR office personnel have not been approved for access, they can request approval by completing a form and applying via COOL. Information on EVA, the application process and links to forms can be found at <https://www.cde.state.co.us/cdeprof/districthrs>. A video demonstrating the EVA application process can be found at <https://www.cde.state.co.us/cdeprof/newCOOLsystemupdates> under the heading District Human Resources Personnel.

The following steps show how to access READ Act Report via your COOL account:

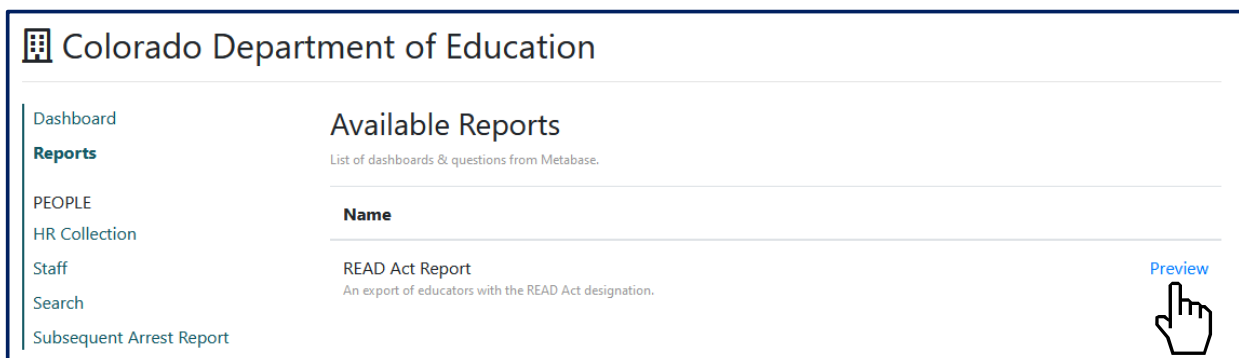

1. Log into COOL Account
2. Select "Go to District"

3. Select "Reports" in the left menu

4. Select "Preview"

5. Select the download icon to download the full* report.
