Since 1994, we have assisted over 24,000 eligible veterans make the transition from the front lines to the front of the classroom. Our state grant office provides participants with counseling and assistance regarding state certification requirements, routes to certifications, and employment referrals. You may also be eligible for financial assistance in the form of a \$5,000 stipend to reimburse costs to become certified or a \$10,000 bonus to teach in a “high needs” school. We invite you to attend our Information Luncheon to:

- learn about the requirements and options to becoming a teacher, including various licensure programs and pathways;
- obtain information about the services Troops to Teachers provides;
- be informed about recent changes to the Troops to Teachers program; and
