Consolidated Application Assurances

By checking the assurances, the LEA acknowledges the requirements within the Every Student Succeeds Act and, as the recipient of Federal funding, will take the steps necessary to comply with the assurances and will provide documentation of compliance during monitoring.

GEPA Statement

Section 427 of the United States Department of Education's General Education Provisions Act (GEPA) requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted programs for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing and describing the activities that are occurring to meet this requirement. GEPA highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local

circumstances, LEAs should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in the Federally-funded project or activity.

Describe and Accept

Describe the steps the LEA is taking to identify and overcome barriers that exist within the LEA related to gender, race, national origin, color, disability, or age. Please provide a clear and succinct description of how the LEA plans to address those barriers that **are applicable to the LEA's circumstances**. The description(s) provided should relate to the LEA's proposed program activities within the consolidated application. *(LEA will provide a description in the online platform)*

Note: You must indicate that the LEA is taking steps to ensure equity and participation in federally funded programs by describing the steps the LEA is taking to remove existing barriers and accepting the terms of the statement below in order to complete the application.

- The LEA agrees to take these steps to ensure equitable access to and participation in consolidated federal programs.

Participating Non-public Schools

In order to ensure compliance regarding participation of non-public schools in federal programs, each LEA/BOCES must maintain a record and report to the SEA written affirmation, signed by a representative of the LEA/BOCES and each non-public school, that meaningful consultation with participating non-public school has occurred. This report must be submitted to the SEA's non-public ombudsman prior to submission of the consolidated application.

LEAs are responsible for conducting timely and meaningful consultation with all non-public schools in which a student residing in their district attends. Many LEAs accomplish this by creating inter-district Memorandum of Understanding (MOU) detailing that the LEA will consult with and provide services to the non-public schools within their district boundaries. If the LEA does not have an inter-district MOU on file, the LEA remains responsible for consulting with and providing services to the non-public schools in which a student residing in their district attends, even if the non-public school is not within their boundaries.

All non-public schools that reside in the district will pre-populate in the list below. Indicate their level of participation using the key below and use the "Add Non-public school" button to enter the name(s) of any non-public school that is missing. If a non-public school will participate in Title I, Part A activities, additional information will be required. Select the Title I, Part A district school from the drop down box provided. Enter the number of low-income students who attend the non-public school, but otherwise would have been enrolled in the Title I, Part A district school. Finally, enter the number of non-public school students that will be served. § 1117(b), § 8501(c)(5).

Nonpublic School	Nonpublic School Participating?	Date of Consultation	Title I, Part A Participation	Title II, Part A Participation	Title III Participation	Title IV, Part A Participation	Title V, Part B Participation	Title VI, Part B Participation	2016-2017 EL Participants
------------------	---------------------------------	----------------------	-------------------------------	--------------------------------	-------------------------	--------------------------------	-------------------------------	--------------------------------	---------------------------

- The LEA is unaware of any non-public schools within its boundaries with which to engage with in timely and meaningful consultation. Upon becoming aware of a non-public school within the LEA's boundaries, the LEA will engage in timely and meaningful consultation with private school officials regarding the provision of equitable services to private school children. §§ 1112(c)(2), 1117(a)(1)(A), 1117(b).

- The LEA has engaged in timely and meaningful consultation with private school officials regarding the provision of equitable services to private school children and has submitted the results of consultation to the non-public school ombudsman in accordance with section 1117. § 1112(c)(2), § 1117(a)(1)(A), § 1117(b).
- The LEA will provide services to eligible children attending private elementary and secondary schools in accordance with section 1117, including special educational services, instructional services, counseling, mentoring, one-on-one tutoring, or other benefits that address the needs of eligible children identified under section 1115(c). § 1112(c)(2).
- The LEA ensures that teachers and families of eligible children participate, on an equitable basis, in parent and family engagement activities under section 1116. § 1117(a)(1)(A).

Section 8538 of the ESEA, as amended by the ESSA, states that “affected LEAs” consult with Indian tribes or those tribal organizations approved by the tribe, located in the area served by the LEA, prior to submitting a plan or application on issues affecting Native students. § 8538(a)

To ensure compliance regarding meaningful consultation with affected LEAs, each LEA must maintain a record and report to the SEA written affirmation, signed by an official of each tribe and/or tribal organization approved by the tribe, located in the area served by the LEA, that the consultation required to determine eligibility has occurred. List all tribes and/or tribal organizations in the area served by the LEA and indicate their level of participation using the key below. Use the "Add" button to enter the name(s) of each tribe and/or tribal organization located in the area served by the LEA, prior to submitting a plan or application for covered programs. § 8538(b).

Title I Part A - Homeless

The McKinney-Vento program (Title X-C) is designed to address the problems that homeless children and youth have faced in enrolling, attending, and succeeding in school. Under this program, the State must ensure that each homeless student has equal access to the same free, appropriate public education as other children and youth. Homeless students should have access to educational and other services needed to enable them to meet the same challenging State student academic achievement standards to which all students are held. In addition, homeless students may not be

separated from the mainstream school environment. States and LEA's are required to review and undertake steps to revise laws, regulations, practices, or policies that may act as a barrier to the enrollment, attendance, or success in school of homeless children and youth.

An LEA receiving Title I, Part A funds must include in its local plan a description of how the plan is coordinated with the McKinney-Vento Act. The local plan must describe services provided to homeless children.

Title I, Part A - Migrant

The Migrant Education Program, Title 1, Part C of the ESEA supports high quality and comprehensive educational programs and services for migratory children, who often face academic and social challenges due to the disruption of frequent mobility. The Migrant Education Program's purpose is to ensure that migratory children receive equitable and appropriate educational and support services that address their individual needs in a coordinated and efficient manner. In order to achieve its purpose, the State oversees, provides training and services, and funds five regional Migrant Education Programs. These regional programs work with school districts and the community to identify and serve migratory students. The coordination of goals, training, collaboration and effort between the state and regions provides the continuity and efficiency that furthers the goal of post-secondary and workforce readiness for migrant students. § 1112(b)(1)(E)(ii).

The LEA/BOCES has a plan that ensures that migratory and formerly migratory children are identified to receive services on the same basis as other children. § 1112(c)(1).
