

# ESSA Committee of Practitioners Meeting April 20, 2017

#### Agenda

- ESSA State Plan update
- Planning for implementation in 2017-18
- Monitoring plan update
- Title IV, Part A information item
- Consolidated Application update: training plans
- Scheduling 2017-18 meetings

#### ESSA State Plan Update

 The Colorado State Board of Education approved Colorado's ESSA State Plan for submission to the U.S. Department of Education on April 13, 2017!

#### Implementation Plan

- 2017-18 plan for the CoP organized around the following areas of the ESSA State Plan:
  - System of performance management
  - Accountability
  - Supporting excellent educators
  - Well-rounded education for students
  - School improvement
  - Individual Title programs
- Clearly identified deliverables and responsibilities to guide the work
- The draft handout is just a structure with some possible elements.
  - Is anything missing? What suggestions do you have for using this structure?

#### Working Groups

- Need: working groups to engage with CDE for at least the next year to design effective systems of support and promote statewide collaboration
- Who: CoP members in collaboration with other district and school practitioners who possess relevant expertise
- Topics:
  - Equitable services to non-public Schools
  - Supporting charter schools with ESSA programs
  - Monitoring ESSA programs
  - School improvement

#### **Meeting Frequency**

- Should the CoP...
  - continue to meet only quarterly?
  - meet every other month?
  - meet monthly?
- Should working groups...
  - meet monthly?
  - meet once between CoP meetings?
- Special meeting in August
  - Approve updated bylaws
  - Elect new officers

#### **Updating the Bylaws**

- Existing Bylaws extend beyond minimum ESSA requirements.
- The transition to ESSA gives us the opportunity to make updates to the aspects of our Bylaws that are not constrained by ESSA requirements.
- There is a need for the CoP and CDE to identify any updates that are needed in order to ensure:
  - Equitable representation among practitioners and regions
  - Equitable opportunity to participate
  - Effective partnership between the Committee and CDE

#### Discussion

- Form groups of 3-5 people and, referencing the statutory requirements, membership roster, and CoP Bylaws handouts, discuss the following questions (~20 minutes):
  - Does the current membership align with section 3.1 of the Bylaws?
  - Do the existing procedures in sections 3.1-3.4 ensure equitable representation and opportunity to participate?
  - Have we adhered to sections 5.1-6.4?
  - Are any changes to 5.1-6.4 needed?
  - What improvements could be made to ensure communications channels are maximized between CDE, CoP members, and the regions and professional groups represented?
- We will share out as a large group after the small group discussion.

#### Break for lunch

12:30 - 1:00

#### CDE System of Performance Managment

Allocation, Award, Funding, Budget, Stakeholder Consultation, Tiered Review

Risk Assessment, Tier I – Universal, Tier II – Targeted (Desk Review), Tier III – Intensive (Onsite Review), Reporting

Tier I – Universal, Tier II – Targeted, Tier III – Intensive, Program Evaluation

Program Effectiveness Meetings, UIP Assessment Maps, Regional Network Meetings,

#### Goals of the Monitoring System

- Focus on what matters: by ensuring LEAs are making progress through implementation of federal programs toward increasing student achievement and improving the quality of instruction provided to all students;
- Reduce burden on LEAs: by combining and streamlining performance review protocols;
- Improve communication with LEAs: by strengthening the constructive partnership between CDE and LEAs through continuous feedback and assessment of the CDE performance review system;
- Differentiate and customize support for LEAs: by using the performance review system to identify technical assistance to support LEA needs and the areas where LEAs are making progress and can serve as a model or resource for other LEAs; and
- Ensure basic ESEA requirements are met: by reviewing programmatic and fiscal requirements to safeguard public funds from waste, fraud, and abuse.

CO

#### Overview of the Monitoring System

- Monitoring is guided by a performance-based risk assessment and will be carried out through a combination of:
  - universal oversight and technical assistance opportunities, and
  - targeted desk reviews and onsite program reviews.
- LEAs will receive a differentiated review based on the results of the risk assessment, which is tailored for each LEA based on their unique characteristics.
- All reviews will include universal activities and some will include targeted and intensive program review activities.
- Monitoring begins during the application review process and provides an opportunity to support, collect and evaluate information provided by LEAs to show compliance with program requirements.

CO

#### Monitoring Working Group

- June Day 1
  - Review compliance monitoring indicators and support CDE in building out adequate evidence, identifying documents that districts would need support or that CDE could provide a template for, and identifying any templates they may already have that would meet the need.
- July Day 2
  - Review the onsite staff, family, and student interview questions and provide feedback create additional questions.
- 5-20 people that represent the diverse demographics of the state and various roles in the districts
- After CoP members volunteer for the work groups, CDE will reach out to additional school and district leaders to join.

CO

#### Working Group Participation

We'd like to capture some information from you today in order to:

- 1. make sure we have an accurate record of Committee members' participation in working groups and sub-committees across CDE; and
- 2. provide members an opportunity to indicate their interest in participating in the 2017-18 working groups.

## Title IV, Part A

Update

#### Title IV, Part A Update

- No news on appropriations, but...
- CDE has confirmed that if Colorado does not receive sufficient funds to sub-grant a minimum of \$10,000 to each LEA, CDE will ratably reduce LEA allocations as required by section 4105(b) of the ESSA.
- We will reach out individually to LEAs whose allocations will be subject to ratable reduction.

#### Title IV, Part A Estimates

- We have calculated estimates using appropriated in the most recent U.S. Senate, Labor, Health and Human Services, Education Appropriations Subcommittee bill (\$300 million).
- Since Colorado represents 1.2% of poverty in all the states, CDE estimates that Colorado's allocation in the event that \$300 million is appropriated to the program nationally would be \$3.6 million.
- This would leave \$3.42 million for local allocations.

# Consolidated Application

**Training and Support Update** 

#### Status Update

- Consolidated Application communications (see handouts) were sent to EDAC and Colorado BOCES Association.
- These communication documents will now be sent out via:
  - E-mail blast to Consolidated Application contacts
  - Scoop announcement
  - Post to website
- Trainings are planned to begin as soon as platform opens (soon)

#### Differentiated Supports

Subject	Format	More information
Program basics and allowable uses	Virtual Academy	http://www.cde.state.co.us/fedpr ograms/virtualacademy
LEA Plan questions and online platform training	In-person trainings (one webinar)	http://www.cde.state.co.us/fedpr ograms/consapp/index
Planning support	Facilitated meetings by request	http://www.cde.state.co.us/fedpr ograms/consapp/index

#### Training Locations

- Dates will be announced when the online platform opens.
- Planned locations:
  - Pueblo
  - Rifle
  - Durango
  - Greeley
  - Denver

# Calendaring the 2017-18 Committee of Practitioners meetings

## Meeting Adjourned

Have a great summer!
