Join CDE for an informational event about supports available through EASI.

EASI Support Fair

The Colorado Department of Education (CDE) invites district and school staff to an event designed to highlight supports and funding available through the Empowering Action for School Improvement (EASI) grant process. Attendees will be able to meet and connect with CDE staff, learn more about external program providers, and work with their teams to plan for the application process.

Who should attend?
Representatives from districts and schools identified for improvement and support under state and federal accountability requirements are eligible to apply for EASI. The EASI application is designed to support identified districts and schools in integrating improvement activities aligned with their specific needs. As such, districts should plan to send a team to this event.

Suggested team members include:
- Superintendent
- District leadership (e.g., principal- supervisor, Chief Academic Officer, Accountability Coordinator, Directors of Special Education and English Language Development)
- Federal programs staff
- Principals of eligible schools

What are the event details?
Date: September 17, 2018
