Supporting Twice Exceptional (2e) Learners Summer Institute

Two 3-week online courses
Part 1: May 11 – June 1, 2022
Part 2: June 1 – June 22, 2022

The purpose of these courses is to increase knowledge and skill to support twice-exceptional (2e) learners. Courses consist of readings, videos, discussion posts, and application of knowledge through assignments. Courses are asynchronous but have three hard deadlines. These online, compacted courses are replacing the in-person Summer Institute for 2022

TARGET AUDIENCE

Educators wanting to learn more about gifted students with disabilities: including general education educators, special educators, gifted educators, counselors, psychologists, social workers, specialized service providers, and administrators. Teams from your district, school, or BOCES are welcome to take the course together.

COURSE INFORMATION - For Each Course

- Part 1 is a prerequisite for the Part 2.
- Included in the 24-hour **Part 2** course are *the ten required hours of Special Education training for relicensing* (starting 2027).
- The final grade is Pass/No credit. Completion of all reading and assignments and a score of 80% is required to pass.
- Successful completion of a course means participants are eligible to earn relicensure hours through CDE (free) or graduate credit hour through Adam's State University (\$55.00/credit hour).
- Courses are offered at no cost to participants with all materials provided in the courses.
- Courses use the Moodle platform and are housed on [CDE LMS platform](#).
- It is recommended that you add the email below to your safe list if you register so that emails from Dr. Rundquist are not filtered away from your inbox.

Select [HERE](#) to register for Part 1 – registration deadline is April 27, 2022

Select [HERE](#) to register for Part 2 – registration deadline is May 18, 2022

Please note classes may close if they fill before the deadline or be cancelled for low enrollment.

Course Objectives

Part 1 course is designed to provide you with the ability to

- articulate the complex characteristics and needs of twice-exceptional students including identification considerations,
- define and utilize strength-based programming,
- identify evidence-based strategies to support both the strengths and challenges of 2e students, and
- review student data and support the development of appropriate goals for twice-exceptional learners.

Part 2 course is designed to provide you with the ability to

- investigate challenges faced by gifted students with learning differences such as autism spectrum disorder, specific learning disabilities, and other health impairments, and potential mental and behavioral health challenges,
- develop a product useful in your district or school, and
- gather resources to support evidence-based programming.
- earn the 10 required hours of Special Education training for relicensing
