Colorado Legacy Foundation

- ✿ We are an independent 501 (c) (3) that serves as a critical friend and partner to the Colorado Department of Education in the effective implementation of good public policy.
- ✿ We identify promising practices, invest in innovative work, recommend policy, evaluate results, and share our findings with all Colorado school districts and schools.
- ✿ We believe that increased student achievement for all Colorado students requires effective leaders in every school, effective educators in every classroom, and healthy and engaging environments that ignite a passion for learning in every student.
