

Summer Food Service Program Sponsor Review Checklist

The Colorado Department of Education (CDE) School Nutrition Unit will review program records for compliance with federal and state regulations. This checklist provides an overview of the major areas that will be evaluated and should assist in preparation for the review. Records for the entire fiscal year should be available for review.

SFSP Reviews

Summer sponsors are reviewed every three years, or more frequent if needed.

Reviews provide a great opportunity for sponsors to highlight their creative and nutritious programs, receive best practices/technical assistance and ensure program compliance.
