Resources

Several schools, districts and organizations have developed tools and resources to support the effective implementation of portfolios and capstones initiatives. Below are several links to these tools and resources.

<p>Performance Outcomes</p>	<p>Asia Society has developed a series of tools to clarify global competency goals, and help students and teachers document the contribution toward achieving those goals. For each subject area and for global leadership, they provide a rationale and series of tools to show what students need to know and be able to do.</p> <p>The “I Can Statements” are aimed at students, describing in first-person voice what he or she will be able to do in the benchmarked 5th, 8th, 10th, and 12thgrade years.</p> <p>A rubric lists specific evidence students demonstrate as they progress towards global competency. This is a tool for students and teachers alike.</p> <p>These tools can be found and downloaded for free at: http://sites.asiasociety.org/pglonline/teach/performance-outcomes-3/</p>
