Resources:

- Colorado Academic Standards/GED Test Crosswalk
- Assessment Guide for Educators - this is a lengthy document and we are not expecting the AWG to read every word of it, however I thought it would be useful for them to have it.
- Colorado Community College System document in regard to adopting the American Council on Education (ACE) Credit Recommendations for the GED Test
- Link below to the ACE Credit Recommendation page for the GED test. Key info is at the bottom under "Courses/Exams"
