

High School Equivalency Testing Program: GED & HiSET

Office of Postsecondary &
Workforce Readiness

The Colorado State Board of Education approves the high school equivalency (HSE) examinations utilized in Colorado to measure major outcomes and concepts associated with high school education.

There are two state board-approved high school equivalency examinations in Colorado: GED and HiSET. The Colorado High School Equivalency Diploma is awarded for successful completion of one of these approved examinations.

Note: The Department of Education stopped contracting with TASC in 2020. However, any credentials earned through TASC are still valid and recognized.

GED: GENERAL EDUCATION DEVELOPMENT

Overview: The GED is administered only on a computer at approved testing centers, or at home (the Online Proctored test) as of 2020. It consists of four (4) content area tests. The GED is published by GED Testing Service (GEDTS).
