Standard 2 – Communicating Effectively

Families and school staff engage in regular, two-way, meaningful communication about student learning.

Standard 3 – Supporting Student Success

Families and school staff continuously collaborate to support students' learning and healthy development both at home and at school, and have regular opportunities to strengthen their knowledge and skills to do so effectively.

Standard 4 – Speaking Up for Every Child

Families are empowered to be advocates for their own and other children, to ensure that students are treated fairly and have access to learning opportunities that will support their success.

Standard 5 – Sharing Power

Families and school staff are equal partners in decisions that affect children and families and together inform, influence, and create policies, practices, and programs.

Standard 6 – Collaborating with the Community

Families and school staff collaborate with community members to connect students, families, and staff to expanded learning opportunities, community services, and civic participation.

Additional SACPIE 7th Standard: Providing Professional Development and Pre-Service Training in Partnering with Families for Administrators and Teachers
