Department of Education

Kindergarten Summer Learning Labs

Professional Development Opportunity offered by
the Kindergarten School Readiness Team

WHO: Kindergarten Teachers and Administrators

WHAT: Learn about the *MyTeachingStrategies™* upgrade, Legislative Requirements, Kindergarten Best Practices and Play!

WHEN: June 2017

WHERE: Regions Across Colorado

Registration will close 10 days prior to each date and that we must have at least 15 participants registered for each location to avoid cancelations.

Please note Learning Lab start and end times vary by location.

MyTeachingStrategies™

The *MyTeachingStrategies™* upgrade is an enhanced version of the current GOLD® Birth-Third Grade platform kindergarten teachers have been using with an enhanced user experience. We will dive into *MyTeachingStrategies™* and cover new features and tools as well as have time explore and play in the upgraded interface.

Kindergarten

Best Practices and Play!

We will explore best practices in creating a developmentally appropriate responsive classroom that will engage students in hands-on learning, foster independence and cooperation, and develop authentic connections with your families! Learn how play is an integral component to develop children's imagination, language and literacy, creativity, and executive functioning- all important precursors for learning complex academic concepts.

Registration is open.

Please register early,
as space is limited.

The Registration link is on our webpage:
