Rubric for Evaluating Colorado Teachers

Effective teachers in the state of Colorado have the knowledge, skills and commitments needed to provide excellent and equitable learning opportunities and growth for all students. They strive to support growth and development, close achievement gaps and to prepare diverse student populations for postsecondary and workforce success (See Appendix E). Effective teachers facilitate mastery of content and skill development, and employ and adjust evidence-based strategies and approaches for students who are not achieving mastery and students who need acceleration. They also develop in students the skills, interests and abilities necessary to be lifelong learners, as well as for democratic and civic participation. Effective teachers communicate high expectations to students and their families and utilize diverse strategies to engage them in a mutually supportive teaching and learning environment. Because effective teachers understand that the work of ensuring meaningful learning opportunities for all students cannot happen in isolation, they engage in collaboration, continuous reflection, on-going learning and leadership within the profession.

QUALITY STANDARD I

Teachers demonstrate mastery of and pedagogical expertise in the content they teach. The elementary teacher is an expert in literacy and mathematics and is knowledgeable in all other content that he or she teaches (e.g., science, social studies, arts, physical education, or world languages). The secondary teacher has knowledge of literacy and mathematics and is an expert in his or her content endorsement area(s).

**ELEMENT A:** Teachers provide instruction that is aligned with the Colorado Academic Standards; their district’s organized plan of instruction; and the individual needs of their students.

**THE TEACHER:** Uses lesson plans that reflect:
- Daily review and revision.
- Instructional objectives appropriate for students.
- Explicit connections to specific learning objectives and approved curriculum.

**THE TEACHER:** Implements lesson plans based on:
- Student needs.
- Colorado Academic Standards.
- District’s plan of instruction.
- Stated learning objectives.

**THE TEACHER:** Collaborates with other school staff to vertically and horizontally align, articulate, and deliver the approved curriculum.

**STUDENTS:**
- Discuss strengths and next steps regarding their learning with their teachers.
- Meet or exceed expectations for:
  - Oral communication.
  - Written communication.
  - Critical thinking.
  - Problem solving skills.
  - Literacy skills.
- Apply literacy skills:
  - Across academic content areas.
  - To understand complex materials.

- Professional Practice is **Observable** during a classroom observation.
- Professional Practice is **Not Observable** during a classroom observation.

This section describes professional practices that should be demonstrated by **ALL TEACHERS**, regardless of grade level or subject taught.

**ELEMENT B: Teachers demonstrate knowledge of student literacy development in reading, writing, speaking and listening.**

*This section describes professional practices that should be demonstrated by ELEMENARY TEACHERS responsible for teaching language arts and/or reading.*

**THE TEACHER:**
- Emphasizes literacy connections while teaching content other than reading, English, or language arts.
- Integrates literacy skills into lessons and assignments across subject areas, including:
  - Phonological awareness.
  - Phonics.
  - Vocabulary.
  - Comprehension.
  - Fluency.
  - Writing.
  - Speaking.
  - Listening skills.
  - Engages students in instruction that is:
    - Purposeful.
    - Explicit.
    - Systematic.

**THE TEACHER:**
- Provides literacy instruction that is:
  - Needs-based.
  - Intensive.
  - Of sufficient duration to accelerate learning.

**STUDENTS:**
- Apply literacy skills (reading, writing, speaking, and listening):
  - Across academic content areas.
  - To new/unfamiliar material.
  - To understand complex materials.
  - While communicating during unstructured time.
  - Outside the classroom.

**THE TEACHER:**
- Teaches and provides opportunities for students to apply literacy skills.
- Integrates literacy skills into lessons, including:
  - Vocabulary.
  - Comprehension.
  - Fluency.
  - Writing.
  - Speaking.
  - Listening skills.
  - Engages students in instruction that is:

ELEMENT C: Teachers demonstrate knowledge of mathematics and understand how to promote student development in numbers and operations, algebra, geometry and measurement and data analysis and probability.

This section describes professional practices that should be demonstrated by ALL TEACHERS, regardless of grade level or subject taught.

THE TEACHER:  
- Includes relevant math concepts in discussions that do not have math as the primary focus.
- Promotes and encourages students to make explicit math connections across content.

THE TEACHER:  
- Emphasizes to students why they need to learn math content and skills.
- Uses instructional strategies that require students to apply and transfer mathematical knowledge to different content areas.

STUDENTS:  
- Share ideas and solutions to challenging problems.
- Use the language of math to talk about what they are doing.

. . . and

THE TEACHER:  
- Emphasizes interdisciplinary connections to math.
- Models mathematical thinking.

STUDENTS:  
- Interpret mathematical information in ways that make it relevant to their learning.

. . . and

THE TEACHER:  
- Focuses math instruction beyond:
  - Recall of facts.
  - Development of computational skills.
  - Math as a series of rote procedures.

Models:
- Appropriate mathematical communication.
- A variety of mathematical practices.

THE TEACHER:  
- Presents concepts:
  - In sequence.
  - In a manner appropriate to students’ age and grade.

- Helps students understand mathematics as a discipline.
- Provides a balance of teaching for conceptual understanding and teaching for procedural fluency.

THE TEACHER:  
- Establishes an effective mathematics environment by:
  - Challenging students to think deeply about the problems.
  - Requiring students to explain their solutions.
  - Posing questions that stimulate students’ curiosity and encourage them to investigate further.
  - Actively engaging students in doing math.
  - Using real-world examples for problems whenever possible.

STUDENTS:  
- Solve problems in a variety of ways.
- Demonstrate mathematical thinking by explaining their thinking to each other and to their teacher.

. . . and

STUDENTS:  
- Recognize when they make procedural errors and take steps to correct them.
  - Expand their learning by using mathematical concepts in subjects other than math.

**ELEMENT D:** Teachers demonstrate knowledge of the content, central concepts, tools of inquiry, appropriate evidence-based instructional practices and specialized character of the disciplines being taught.

**THE TEACHER:**
- Breaks down concepts into instructional parts and teaches each part using appropriate, effective strategies and/or tools.
- Uses instructional materials that are accurate and appropriate for the lesson being taught.
- Employs a variety of instructional strategies to address student needs.

. . . and **THE TEACHER:**
- Provides explanations of content that are:
  - Accurate.
  - Clear.
  - Concise.
  - Comprehensive.

. . . and **THE TEACHER:**
- Engages students in:
  - A variety of explanations and multiple representations of concepts and ideas.
  - A variety of inquiry methods to explore new ideas and theories.

. . . and **STUDENTS:**
- Develop a variety of explanations and multiple representations of concepts.
- Build on the skills and knowledge learned in the classroom to engage in more complex concepts, ideas, and theories.

Use a variety of inquiry tools and strategies to:
- Learn content.
- Understand central concepts.
- Answer complex questions.
- Problem solve.

. . . and **STUDENTS:**
- Routinely:
  - Choose challenging tasks and instructional materials.
  - Apply newly learned content skills to unique situations and different disciplines.
  - Discuss ideas and content that are intellectually challenging to them.

**ELEMENT E:** Teachers develop lessons that reflect the interconnectedness of content areas/disciplines.

**THE TEACHER:**
- Emphasizes key concepts and connects them to other powerful ideas within the content area.
- Connects lessons to other disciplines and/or content areas.

. . . and **THE TEACHER:**
- Implements instructional strategies to ensure that instruction:
  - Articulates content and interdisciplinary connections.
  - Integrates literacy skills across content areas.

. . . and **THE TEACHER:**
- Clarifies and elaborates on interdisciplinary connections for students.
- Provides instructional strategies that include literacy, numeracy, and language development across content areas.

. . . and **STUDENTS:**
- Make connections between:
  - Prior learning and the current lesson.
  - Other disciplines and/or content areas and the current lesson.
- Employ instructional strategies that include literacy, numeracy, and language development across content areas.

. . . and **STUDENTS:**
- Accelerate their learning by elaborating on current lesson with connections to prior lessons within the content area and/or with other disciplines.

**THE TEACHER:**

Selects instructional materials and strategies based on their:
- Relevance.
- Central contexts.
- Foundational evidence base.
- Links lessons to students’ prior knowledge.
- Encourages and provides opportunities for students to make connections to prior learning.

. . . and

**THE TEACHER:**

Delivers lessons and units and uses instructional strategies that:
- Help students connect to their learning by linking the current lesson with prior knowledge, experiences, and/or cultural contexts.
- Provides opportunities for students to self-select tasks that accelerate their learning.

. . . and

**THE TEACHER:**

Delivers lessons and uses materials to ensure that students’ backgrounds and contextual knowledge are considered.

### ELEMENT B: Teachers demonstrate a commitment to and respect for diversity, while working toward common goals as a community and as a country.

**THE TEACHER:**
- Creates a classroom environment in which diversity is:
  - Respected.
  - Used to further student learning.

**. . . and**

**THE TEACHER:**
- Uses instructional approaches and materials that reflect students’ backgrounds.
- Acknowledges the value of each student’s contributions to the quality of lessons.
- Is welcoming to diverse family structures.

**. . . and**

**THE TEACHER:**
- Establishes processes that result in:
  - A sense of community among students.
  - Effective interactions among students.
  - Respect for individual differences.
  - Positive social relationships.
  - Common goals for all students.

**. . . and**

**STUDENTS:**
- Respect the uniqueness of fellow students.

**. . . and**

**STUDENTS:**
- Actively seek a variety of perspectives to complete group assignments.

### ELEMENT C: Teachers engage students as individuals with unique interests and strengths.

**THE TEACHER:**
- Implements lessons that reflect student interests.

**. . . and**

**THE TEACHER:**
- Uses results of student interest inventories to design lessons and materials.
  - Encourages students to expand and enhance their learning.
  - Acknowledges students for their accomplishments.

**. . . and**

**THE TEACHER:**
- Asks appropriately challenging questions of all students.
- Scaffolds questions.
- Gives wait time equitably.
- Ensures that all students participate in class activities.

**. . . and**

**STUDENTS:**
- Actively engage in classroom activities.
- Discuss content and make connections between current lesson and their interests.
- Actively engage in collaborative learning and group processes.

**. . . and**

**ELEMENT D:** Teachers adapt their teaching for the benefit of all students, including those with special needs, across a range of ability levels.

**THE TEACHER:**
- Adapts lesson plans to address individual student needs.
- Implemets recommendations of specialists and colleagues to address student needs.

**THE TEACHER:**
- Designs instruction to address learning needs of all students.
- Monitors the quality of student participation and performance.

**THE TEACHER:**
- Solicits input from colleagues to understand students' learning needs.
- Uses multiple strategies to teach and assess students.
- Challenges and supports students to learn to their greatest ability.

**STUDENTS:**
- Advocate for themselves.
- Articulate their learning needs to their teacher and/or parent.

**STUDENTS:**
- Apply coping skills to classroom situations.
- Share coping strategies with fellow students.
- Help fellow classmates by offering support.

**ELEMENT E:** Teachers provide proactive, clear and constructive feedback to families about student progress and work collaboratively with the families and significant adults in the lives of their students.

**THE TEACHER:**
- Establishes a classroom environment that is inviting to families and significant adults.
- Uses a variety of methods to initiate communication with families and significant adults.

**THE TEACHER:**
- Maintains respectful relationships with students, their families, and/or significant adults.
- Provides clear and accurate feedback to parents and significant adults regarding student needs and progress.

**STUDENTS:**
- Communicate freely and openly with teachers.

**FAMILIES AND SIGNIFICANT ADULTS:**
- Partner with the teacher to support student strengths and address next steps for learning.

**FAMILIES AND SIGNIFICANT ADULTS:**
- Discuss student performance with the teacher.
- Participate in school-based activities.

**ELEMENT F:** Teachers create a learning environment characterized by acceptable student behavior, efficient use of time and appropriate intervention strategies.

**THE TEACHER:**
- Provides clear expectations to guide student classroom behavior.
- Holds students accountable for adherence to school and/or class rules.

**THE TEACHER:**
- Puts procedures in place to maximize instructional time.
- Makes maximum use of instructional time.
- Maintains a safe and orderly environment.

**STUDENTS:**
- Stay on task during class periods.
- Work without interruption.
- Abide by school and class rules.

#### ELEMENT A: Teachers demonstrate knowledge of current developmental science, the ways in which learning takes place, and the appropriate levels of intellectual, social, and emotional development of their students.

**THE TEACHER:**
- Differentiates instruction.
- Modifies content to assure that students are able to work at their ability levels.
- Studies recent/current research to expand personal knowledge of how students learn.
- Builds on the interconnectedness of students’ intellectual, social, and emotional development.
- Applies knowledge of current developmental science to address student needs.
- Collaborates with colleagues with experience in developmental science to improve the quality of lessons.
- Encourages students to take academic risks.
- Makes sure students meet learning objectives while increasing mastery levels.
- Monitors instruction against student performance and makes real-time adjustments.
- Encourages students to take academic risks.
- Makes sure students meet learning objectives while increasing mastery levels.
- Monitors instruction against student performance and makes real-time adjustments.
- Assesses required skills.

**STUDENTS:**
- Seek to understand:
  - How they learn best.
  - Where their time and efforts are best used.
- Seek materials and resources appropriate for their personal approach to learning.

**ELEMENT D:** Teachers thoughtfully integrate and utilize appropriate available technology in their instruction to maximize student learning.

- **THE TEACHER:**
  - Uses available technology to facilitate classroom instruction.
    - Uses available technology to:
      - Enhance student learning.
      - Develop students’ knowledge and skills.
      - Enhance creative and innovative skills.
      - Provide engaging and motivating learning experiences.
    - Monitors the use of available technology in the classroom.
    - Employs strategies and procedures to ensure that students have equitable access to available technology.
    - Produces creative and innovative products.
    - Accelerate their learning.
    - Apply team building and networking skills.
    - Deepen critical thinking skills.
    - Communicate effectively.

**ELEMENT E:** Teachers establish and communicate high expectations for all students and plan instruction that helps students develop critical-thinking and problem solving skills.

- **THE TEACHER:**
  - Has high expectations for all students.
    - Sets student expectations at a level that challenges students.
    - Incorporates critical thinking and problem-solving skills.
  - Holds students accountable for their learning.
    - Monitor their progress toward achieving teacher’s high expectations.
    - Seek opportunities to test their problem-solving and higher-order skills.
    - Explicitly teaches higher-order thinking and problem-solving skills to address challenging issues.

**ELEMENT F:** Teachers provide students with opportunities to work in teams and develop leadership qualities.

- **THE TEACHER:**
  - Includes all students in individual and group activities.
    - Flexibly groups students.
    - Adjusts team composition based on lesson objectives and student needs.
    - Varies group size, composition, and tasks to create opportunities for students to learn from each other.
    - Utilize group processes to build trust and promote effective interactions among team members.
    - Participate in teams in ways that build trust and ownership of ideas among team members.

- **STUDENTS:**
  - Help set their learning objectives.
    - Fulfill their assigned roles within the team.
    - Assume leadership roles in their teams.
