Item 13

Score: 2111

The central idea of having a brother instead of a sister is well supported and focused. Organization is logical. Although a few sentences begin with If I or I, overall style is age-appropriate and language usage contains few errors.

Begin your paragraph here. Use as many lines as you need.

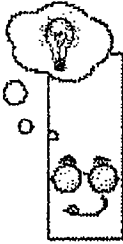

If I can have a wish
my wish would be to
have a big brother instead
of a big sister. I would
want that wish because
my sister always has
to boss me around all

day. If I had a big brother
he would be thirteen years old.
I would always play football,
basketball, and soccer with
my brother. If I had a
big brother I would play
every day with him after
I do my homework and
after he does his
homework. That would
be the wish I would
want to have in the
whole wide world.

Item 13

Score: 1101

Has a central idea (wishes for a robot) with some details (robots are strong, tall, smart, fast and can do homework). Paragraph is only one run-on sentence. The errors in spelling and mechanics do not interfere with meaning.

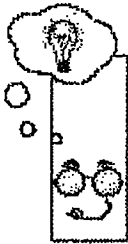

Begin your paragraph here. Use as many lines as you need.

One day I wished I could have a robot the
reason I want a robot because they are strong
and tall too and they are really smart
and are fast and I would make him to do my
home work that's why I want a
robot.
