

## CLC Quick Facts for Staff

- 🔑 This program is available to your library users at any public and most school, college and special libraries.
- 🔑 Risks are minimal to lending libraries thanks to the CLC Insurance Reimbursement Fund.
- 🔑 Library users from a participating library may request borrowing privileges from any other CLC library.
- 🔑 **There is no physical card.** The lending library may add a barcode to an existing card or issue a new card to enable a CLC member to borrow.
- 🔑 Local library lending practices are followed.
- 🔑 Encourage library users to return items to the lending library. If that isn't possible, items may be returned to any CLC participating library. However, the items are considered checked out until received by the lending library. Library users should allow enough time for materials to return to the lending library.
- 🔑 Library users need to be aware of the policies of the lending library for fines, loss or damage.
- 🔑 **CLC users must be identified as such in their borrower record** for statistical purposes.
- 🔑 Participating libraries are listed in the Directory of Colorado Libraries at [projects.aclin.org/directory](http://projects.aclin.org/directory)

# Colorado Libraries Collaborate!

Your **KEY** to accessing libraries  
across the state.

*Colorado Libraries Collaborate! (CLC) Program is a gift to your library users.*

- Unlocks vast library collections across the state
- Expands library services at no additional cost
- Provides free access to more resources than any single library can provide

**The CLC Program works because everyone agrees to share.**

*"Libraries volunteered to honor each other's cards and to serve each other's patrons. In a blink of an eye, the world was improved."*

*Jeff Donlan, Salida public Library*

[www.clc-key.org](http://www.clc-key.org)
