# Offer vs. Serve Teaching Tool for Students

## Food-based Breakfast—Version 1

**DISPLAY** this sign when the reimbursable food-based breakfast menu consists of:

- A single food item containing 2 B/G or 2 M/MA or a single item containing 1 B/G & 1 M/MA and;
- 1 serving fruit/juice/vegetable and;
- 1 serving of fluid milk.

B/G—Bread/Grain M/MA –Meat/Meat Alternate
--

**DISPLAY** color-coded/matching cling-on circles on sneeze guard and milk cooler. Position 2 orange cling-on circles for the 2 B/G item or 2 purple cling-ons for the 2 M/MA item on the sneeze guard. Position a purple and orange for the item containing 1 B/G and 1 M/MA.

This version can only be used if the students understand they must select an orange or purple menu item as one of the two minimum required for a reimbursable meal. If students have not learned this concept, use version 2.
