Dear Julia,

The Denver Center Theatre Academy, the education department of The Denver Center for the Performing Arts, is looking forward to our upcoming partnership with you and Creativity Challenge Community (C3.) In preparation of this new partnership we have been creating curriculum this year that aligns with the national program Partnership for 21<sup>st</sup> Century Skills.

If C3 is located on the Merrill Campus, we are eager to bring programming that will use theatre as the vehicle to teach communication, collaboration and problem solving skills. Additionally, we have identified drama activities that will enhance innovation and creativity in the students and could culminate in a performance activity down here at the Denver Center on our educational stage.

Best of luck to you during your enrollment process this year. We are ready and willing to meet at anytime to solidify our curriculum for the students at C3.

Kind Regards,

Tam Dalrymple Frye
