

May 23, 2011

Dear DPS Board of Education,

We, the current members of the Green Valley Administrative Team (GVE) administrative team, write to you in order to formalize our support for the GVE Innovation Plan. The plan expands upon the programmatic vision of Green Valley Elementary, based on the feedback from the Far Northeast community and the expectations of the Denver Summit Schools Network turnaround process. We believe that school-based decision-making and the autonomies outlined in this plan create the necessary conditions for realizing our ambitious vision and mission and creating a high-quality, sustainable educational option for the Far Northeast community.

Thanks in advance for your consideration.

Sincerely,

Keith Mills, Principal

Amy Gile, Assistant Principal
