To Whom It May Concern:

The Manual Parent Organizing Committee has been working since April 2008, to build parent involvement at Manual High School. Our Committee has successfully brought together a cross-section of Manual parents focused on addressing parent interests and concerns and supporting Manual to be successful.

As parents of the Manual Parent Organizing Committee, we support the Manual proposal to be an innovation school. We believe that this will strengthen Manual's potential as a top high school in Denver Public Schools and throughout Colorado.
