To Whom It May Concern:

Martin Luther King, Jr. Early College's middle school student council supports our school's proposal to achieve Innovation Status.

We are proud of our school. Over the past several years—under our Revitalization Plan—the school has transformed from a middle school serving 6th through 8th graders into an early college serving 6th through 12th graders. Our first seniors will graduate in May 2010.

Sometimes students don't see what reforms and innovations do. We do! We understand the implementation of the AVID program, why we wear uniforms, and the addition of new grade levels. Our school has really changed. As middle school students, whether we will attend the Early College or a different high school, we look forward to preparing for college.

Our understanding of Innovation Status is that it will allow our principal, Mr. Smith, to use his budget to help the whole student body. The reputation of our school has grown over the past few years, and we want the improvements to keep coming.

Sincerely,

Brook Taylor
