Dear Ms. Miller:

We at the Harmony Project are very excited about the Noel Community Arts School. This letter is to express our support for the mission, the model, and the vision you are creating for this important new school.

As an organization that has been providing integrated-arts experiences to students in Denver Public Schools since 2000, Harmony is pleased to be asked to partner with NCAS in its first year. We share your idea of core curriculum classes infused with the arts, offering students multiple pathways to learning. We are looking forward to sharing our expertise in helping classroom teachers as they work with artists from the community.

It has been a pleasure to meet with you to discuss your plans for the school. We are eager to get started with you and your excellent staff in this new endeavor.

Best wishes,

Hank Troy
Executive Director
