DPS School Board,

We, the Valdez Parent Teacher Organization, are writing this letter to support Valdez in its application to receive Innovation Status. We feel that the dual-language program at Valdez will benefit from increased school-level autonomy. We believe that the academic achievement of our students will improve if our principal, teachers, and staff have more control over staffing, scheduling, instruction, and budgeting. We hope that you agree and decide to allow Valdez to have Innovation Status.

Sincerely,

Fran Carson
