

## **ATTACHMENT C: ANNUAL CALENDAR**

Depending on when Innovation status is approved, we would either follow the district approved calendar for 2010-2011 or alter some of the non-student contact days. We may consolidate the early-release student days, non-ECE days, assessment days, and non-student contact days in order to create a calendar that works better for our families and staff. We would only propose alterations in the 2010-2011 calendar if we could communicate changes to families in a timely and fair manner. Any changes to the Annual Calendar must be approved by the CSC.
