

Update to the Colorado Early Childhood Barriers and Waivers Report *(as of August 2010)*

Waiver Reviews

Since the *Colorado Early Childhood Barriers and Waivers* report was released in April of 2008, the process for waiver reviews has changed. Between 2008 and 2010, waiver requests were reviewed by a committee of the Early Childhood Councils Advisory Team (ECCAT). In 2010, new legislation creating an Early Childhood Leadership Commission (ECLC) gave that group responsibility for waiver reviews. A specific process for waiver reviews by the ECLC has yet to be determined.

Waiver Requests

Since the report was published, only two waivers have been submitted by Councils for review. Both requested waivers from CCCAP rules (one dealing with redetermination dates and another with parental fees).
