

Accessing Equitable Distribution of Teacher Data on SchoolView.org

Directions on how to access the data:

- (1) Go to <http://www.schoolview.org/performance.asp>.
- (2) Click on "SchoolView Data Center" and then select your district from the right hand navigation.
- (3) Click on the "Staff" tab, and then select the "Teacher Equity" sub-tab. This will provide you with summary level data.
- (4) To select the detail level, click on the drop down next to "Summary" and you will get the "Detail" level option (pictured on the left).

Purpose:

- Help districts and schools look at their human capital assets across schools and even statewide.
- Meet the "Equitable Distribution of Teachers" requirements in ESEA. Districts must consider the distribution of teachers by examining teacher qualifications and experience with school attributes (including student poverty and minority %s).
- CDE has added the growth ratings from the School Performance Frameworks for additional context. Pay particular attention to the top right hand quadrant in the graph. This area highlights the schools that have higher percentage of poor and/or minority students AND inexperienced teachers. The color of the dots indicate whether the schools are meeting growth expectations. For example, the red dots indicate that the school does not meet state growth expectations.
- The intent is NOT to require districts to remove teachers, but to ask questions and dig deeper. Notice the questions at the bottom of the screen for some suggested questions to consider.
- This data is available publicly for all districts.

Support:

- Contact Cheryl Miller (miller_c@cde.state.co.us) with additional questions.
