School: SCHOOL B - 0002 District: ABC DISTRICT - 0000 (1 year***)

Turnaround Plan

This is the plan type the school is required to adopt and implement. Schools are assigned a plan based on their overall framework score, which is a percentage of the total points they earned out of the total points eligible in each performance indicator. The overall score is then matched to the score ranges below to determine the plan type.

Plan Type Assignment	Framework Points Earned
Performance	at or above 59%
Improvement	at or above 47% - below 59%
Priority Improvement	at or above 37% - below 47%
Turnaround	below 37%

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 25 points for Achievement, 50 for Growth, and 25 for Growth Gaps.

Performance Indicators	Rating/Plan	% of P	igible*		
Academic Achievement	Does Not Meet	25.0%	(6.3 out of 25 points)	6.3 25	
Academic Growth	Does Not Meet	32.1%	(16.1 out of 50 points)	16.1	50
Academic Growth Gaps	Approaching	37.5%	(9.4 out of 25 points)	9.4 25	

Test Participation**	95% participation rate met			
TOTAL	Turnaround	31.8%	(31.8 out of 100 points)	31.8 100

^{*} Schools may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from both the points earned and the points eligible, so scores are not negatively impacted.

Test Participation Rates

	% of Students Tested					Participation Rating			Students Tested					Total Students			
Content Area	Elem	Middle	High	Overall	Elem	Middle	High	Overall	Elem	Middle	High	Overall	Elem	Middle	High	Overall	
Reading	99.2%	-	-	-	Met	-	-	-	120	-	-	-	121	-	-	-	
Mathematics	100.0%	-	-	-	Met	-	-	-	121	-	-	-	121	-	-	-	
Writing	99.2%	-	-	-	Met	-	-	-	120	-	-	-	121	-	-	-	
Science	100.0%	-	-	-	Met	-	-	-	29	-	-	-	29	-	-	-	

1-year vs. 3-year Report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official plan type assignment for the school: the one under which the school has ratings on a higher number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it received a higher total number of points and plan assignment. Note that some 3-year reports may be based on only two years of data if that is the only data available. See below for the years of data included in this report.

*** Data in this report is based on results from: 2011-12.

Final plan type based on: 1-year SPF report.

^{**} Schools do not receive points for test participation. However, schools are assigned one plan category lower than their points indicate if they do not (1) meet at least a 95% participation rate in all or all but one content area (reading, writing, math, science and COACT), or (2) for schools serving multiple levels (elementary, middle and high school grades, e.g., a 6-12 school), meet at least a 95% participation rate in all or all but one content area when individual content area rates are rolled up across school levels (elementary, middle and high school grades).

Reference Data for Key Performance Indicators

Academic Achievement

The Academic Achievement Indicator reflects a school's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, writing, math and science, and results from Lectura and Escritura.

Percent of Students Proficient or Advanced by Percentile Cut-Points - 1-year (2009-10 baseline)

		Reading			Math			Writing			Science			
	Elem	Middle	High	Elem	Middle	High	Elem	Middle	High	Elem	Middle	High		
N of Schools	1008	479	327	1007	480	327	1007	480	327	912	407	286		
15th percentile	49.2	50.4	54.9	48.6	29.7	16	32.5	35	31	19.7	23.8	27.5		
50th percentile	71.6	71.4	73.3	70.9	52.5	33.5	53.5	57.8	50	47.5	48	50		
90th percentile	89.1	88.2	87.2	89.3	75	54.8	76.8	79.7	72.2	76	75.1	72.4		

All achievement data is compared to baselines from the first year the performance framework reports were released (2009-10 for 1-year reports and 2008-10 for 3-year reports).

Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This Indicator reflects 1) normative growth: how the academic progress of the students in this school compared to that of other students statewide with a similar CSAP/TCAP score history in that content area, and 2) adequate growth: whether this level of growth was sufficient for the typical (median) student in this school to reach or maintain an achievement level of proficient or advanced on the CSAP/TCAP within three years or by 10th grade, whichever comes first. The same measures are also applied to CELApro, Colorado's English language proficiency assessment, to determine English language proficiency progress for English learners.

The Academic Growth Gaps Indicator measures the academic progress of historically disadvantaged student subgroups and students needing to catch up. It disaggregates the Growth Indicator into student subgroups, and reflects their normative and adequate growth. The subgroups include students eligible for Free/Reduced Lunch, minority students, students with disabilities, English Learners, and students needing to catch up.

For Academic Growth and Academic Growth Gaps, the median growth percentile required to earn each rating depends on whether or not the school met adequate growth. Schools that met adequate growth use the rubric on the left; schools that did not meet adequate growth use the rubric on the right.
