### Directions on how to access the data:

- (2) Click on "SchoolView Data Center" and then select your district from the right hand navigation.
- (3) Click on the "Staff" tab, and then select the "Teacher Equity" sub-tab. This will provide you will the summary level data.
- (4) To select the detail level, click on the drop down next to "Summary" and you will get the "Detail" level option.

### Purpose:

- Help districts and schools look at their human capital assets across schools and even statewide.
- Meet the "Equitable Distribution of Teachers" requirements in ESEA. Districts must consider the distribution of teachers by examining teacher qualifications and experience with school attributes (including student poverty and minority %s).
- CDE has added the growth ratings from the School Performance Frameworks for additional context. Pay particular attention to the top right hand quadrant in the graph. This is where schools that are not making adequate growth AND that have a higher percentage of inexperienced teachers are located.
- The intent is NOT to require districts to remove teachers, but to ask questions and dig deeper. Notice the questions in the top left hand corner of the screen.
- This data is available publicly for all districts.
