

**Standards Review and Revision  
Second Committee Meeting Summary**  
*Mathematics*

June 16, 2017

**Meeting Summary**

Committee Chair: Joanie Funderburk

Committee Members present: Lisa Bejarano, Michael Brom, Ann Conaway, Dennis DeBay, Greg George, Lanny Hass, Ken Jensen, Richard Kitchen, Lisa Rogers, David Sawtelle, and Ann Summers

**AM Focus:**

The mathematics committee shared updates about work done by individuals and small groups since the previous meeting May 19-20. The committee:

- Shared drafts of documents designed to address structural issues in the standards, such as the combination and regrouping of previously separated Evidence Outcomes,
- Discussed possible ways to indicate progressions of high school skills,
- Looked at several options for reducing the number of Prepared Graduate Competencies,
- Discussed the location of measurement skills in the mathematics standards.

**PM Focus:**

The mathematics committee discussed possible options for the “Right Side” of the Grade Level Expectations and planned for future work. The committee:

- Explored possible replacements for the current *Inquiry Questions, Relevance and Application*, and *Nature of Mathematics* sections, and
- Discussed the requirements for documenting any changes made to the Colorado Academic Standards.

**September Meeting Next Steps**

For the next meeting of the mathematics committee on September 21, committee members will:

- Join an online check-in on July 6 to choose headings for the “Right Side” of the Grade Level Expectations,
- Decide on a structure to use for the draft of the revised standards that will be released for public comment in Fall 2017,
- Come to consensus around any changes needed to the Prepared Graduate Competencies, and
- Consider needed revisions to the front matter of the mathematics standards document.
